WHAT IS OFFSITE CONNECT?

THE OFFSITE CONNECT FORUM IS YOUR GATEWAY TO CONNECTING DIRECTLY WITH THE COMPANIES SHAPING THE FUTURE OF OFFSITE CONSTRUCTION. THROUGH A TAILORED SCHEDULE OF PRE-ARRANGED, ONE-TO-ONE MEETINGS, YOU'LL ENGAGE WITH THE SUPPLIERS AND TECHNOLOGY PARTNERS THAT MATTER MOST TO YOUR PROJECTS.

Held alongside **OFFSITE EXPO**, the Forum is designed to maximise your time and investment by bringing together over 120 leading offsite technology manufacturers and suppliers. From frame and pod systems to volumetric modular solutions across all material types, you'll gain direct access to innovative products and cutting-edge thinking.

More than just meetings, the Forum is a curated experience for buyers and specifiers looking to explore new technologies, build meaningful relationships, and discover practical solutions for current and future builds. With a focused, high-value format, this is your opportunity to network with industry leaders, uncover the latest innovations, and create impactful business connections — all in one place.

HOW DOES IT WORK?

As an invited Buyer or Specifier, you'll have the opportunity to take part in the Forum across **16 & 17 September 2025**. With your input, we'll create a personalised online profile to help match you with the most relevant exhibitors at **OFFSITE EXPO**.

Exhibitors will be able to request one-to-one meetings with you — and you'll have full control to accept or decline. Likewise, you can also request meetings with participating exhibitors or connect with fellow buyers and specifiers of your choice.

The goal? To align your project needs with supplier capabilities through targeted, 30-minute meetings. Each confirmed appointment will appear in your personalised online schedule, giving you a clear, streamlined experience from start to finish.
